

BMS
Baker Marine Solutions

Truckable Tug BMS 1787

U.S. designed for the inland towing market.

Foldable pilothouse with stowable stairs reduces required clearance and allows for trailering.

45,500 lb trucking weight

Design
Inland Pushboat

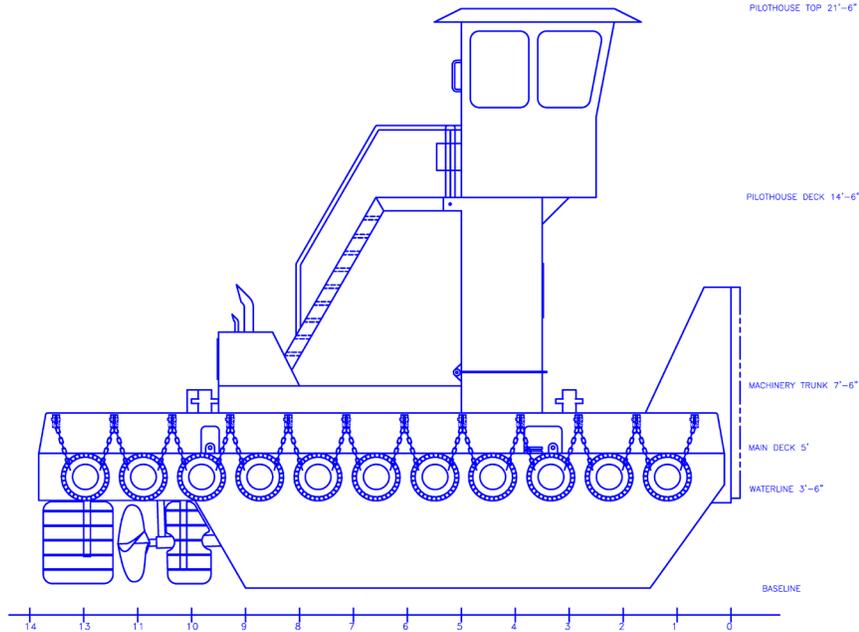

MAIN DATA

25 ft 8 in
Length overall

13.5 ft
Breadth

3.5 ft
Draft

5 ft
Depth

Type Classification	Inland Pushboat		
Dimensions	Length overall	25 ft 8 in	
	Breadth	13.5 ft	
	Draft	3.5 ft	
	Depth	5 ft	
Capacities	Fuel Oil	350 gal	
Generator Propulsion	1 x Onan Marine Qd 6758	7.5 kW	
	2 x John Deere 6068AFM85	300 HP	
Equipment	2 x 5T Manual Winches 2 x 8 Ft Pushknees		
Pilothouse Measurements	Pilot Eye Level	16.5 ft AWL	
	Folded Height	15 ft ABL	
	Upright Height	21.5 ft ABL	
Pilothouse Equipment	Air Conditioning VHF Radio Removable Stairs
